This service is most valuable to those people with a lump-sum distribution to invest, whether qualified or non-qualified, or those already involved in a long-range money accumulation program.

DISCRETIONARY ADVISORY SERVICE

The firm's standard fee for its managed advisory services is:

	Standard Annual Fee (billed quarterly)
Total Client Assets Under Management	.99%

The advisory contract may be terminated by either party at any time in writing. Fees are billed quarterly, in arrears, for the advisory services provided. The fee will be based on a

percentage of the fair market value, as determined in good faith by the Advisor, all assets held in the Client's Portfolio on the last business day of the preceding calendar quarter. Fees are negotiable.

FURTHER DETAILS OF COMPENSATION

As a general rule, the firm's compensation comes in four forms: hourly charges for financial and estate planning services, set office visit fees, management fees for discretionary advisory services and fees for tax preparation services.

Financial Planning fees are billed at an hourly rate and office visit fees apply. Once the scope of engagement is determined and the parameters of the financial plan to be devised are set, the billable hours are determined by the time spent researching, formulating, and compiling the financial plan. Further meetings to implement and review the plan are also billed at an hourly rate.

Fees for tax preparation services are separate from any other fees or commissions on the financial planning or advisory side and are based on the complexity of the tax return. Estimates of the cost of the tax service can be provided based a general fee plus additional charges for schedules and forms required beyond a basic tax return.

The direct advisory management service fees paid to this firm are in addition to the indirect management and expense fees charged by mutual funds, variable contracts, and exchange traded products, and any transaction or custodial fees charged by the Custodian. Clients whose assets are positioned in these types of investments will pay both a direct management fee to Heinekamp Financial Planning & Tax Service, LLC and an indirect management fee through the mutual fund and/or the variable provider.

In addition to the offerings through HFPTS's Discretionary Advisory Service, clients in need of financial products to implement the financial plan may be referred to SCH Enterprises, Inc., a FINRA member broker/dealer providing mutual fund, insurance, and annuity products. SCH Enterprises is an affiliated firm and principals of this firm would earn commissions on any products sold. Customers are not required to use SCH Enterprises for the financial products, and since this arrangement may present a conflict of interest, if they, in fact, do purchase products through SCH, the above mentioned hourly fees are offset by any commissions earned by principals of Heinekamp Financial Planning.

The advisory representatives of this firm are principals of an affiliated Broker/Dealer, and may receive commissions or other brokerage related fees or expenses, as disclosed more fully detailed in Item 12 of this Brochure. This brokerage relationship presents a potential conflict of interest and gives our advisory personnel an incentive to recommend investment products based on the compensation received, rather than on a client's individual needs. This inherent conflict of interest is hereby disclosed to all clients and clients should use their own determination as to the nature of the conflict.

No fees are charged in advance for financial planning

Item 6: Performance Based Fees

Heinekamp Financial Planning & Tax Service, LLC does not accept performance-based fees or other fees based on a share of capital gains or capital appreciation of the assets of a client.

Item 7: TYPES OF CLIENTS

Heinekamp Financial Planning & Tax Service, LLC serves mainly individual clients, but also provides services to small businesses and exempt organizations.

Item 8: METHODS OF ANALYSIS & INVESTMENT STRATEGIES

The firm's advisors apply classic financial planning models to allocate investment recommendations among stocks, bonds, and cash. The client's age, stage of life, investment time frame, and risk tolerance are all considered in the formulation of recommendations. Basic asset allocation models are then utilized to construct a diversified portfolio recommendation with an appropriate level of risk. All allocation models carry some risk for the client. The level of risk is discussed and emphasis is placed on balance and diversity. Any divergence from this strategy would be based on specific client requests.

Item 9: DISCIPLINARY INFORMATION

There is not now, nor has there ever been, any disciplinary proceeding involving the firm or any of its principals.

Item 10: AFFILIATIONS

Steven C. Heinekamp is the sole owner of both Heinekamp Financial Planning & Tax Service LLC, and the sole owner and senior principal of SCH Enterprises, Inc., a FINRA member broker/dealer firm. If customers are in need of financial products to implement their financial plan they may choose to use the Managed Advisory Service through HFPTS or products offered through referral to SCH Enterprises.

Item 11: CODE OF ETHICS

Heinekamp Financial Planning & Tax Service, LLC adheres to the strict ethical and continuing education requirements of the CFP Board of Standards. You can learn more regarding the specific ethical standards by visiting www.cfp.net. Additionally, the tax preparation services are provided by an enrolled agent subject to similar strict ethical and continuing education guidelines by the Internal Revenue Service. It is the strict conviction of this firm business to act in the best interests of the clients and their financial needs.

Item 12: BROKERAGE PRACTICES

For investing needs, HFPTS may recommend that advisory clients establish brokerage account(s) with a third-party custodian. Additional financial products may be recommended when clients are referred to the affiliated broker/dealer, SCH Enterprises, Inc. As a limited broker/dealer, SCH Enterprises provides mutual fund and annuity investments. As a general rule, the mutual funds will carry a front end sales charge and the annuities will carry a back end surrender charge. All mutual funds and variable annuity subaccounts contain internal management fees. SCH Enterprises representatives earn commissions and trail fee compensation upon the sale of these products. If the SCH Enterprises representative is commonly affiliated with Heinekamp Financial Planning, commissions earned offset any hourly charges billed by Heinekamp Financial Planning. Although HFPTS may recommend that clients establish accounts at the third-party custodian or refer them to SCH Enterprises, it is the client's decision on where to custody their assets and clients are free to choose any broker/dealer or account custodian that they desire.

Item 13: PERIODIC REVIEWS

For those who use the investment advisory services, ongoing reviews of client portfolios occur on a quarterly basis. As clients receive quarterly reports from the custodian, this information is utilized to review portfolios. The review allows the firm to reexamine the current investments to decide if they are still appropriate to the client's goals or if any changes need to be made. Most quarters this does not result in any action, but if a change is deemed necessary, the firm will continue to apply the guidelines described in Item 8. Annually, the firm sends reminder cards asking clients to schedule a time to come in to the office for a more formal review and many times rebalancing or other changes are agreed upon at the annual meeting.

Item 14: CLIENT REFERRALS AND OTHER COMPENSATION

The firm does not receive compensation for referring clients and contemplates no arrangements for such in the future

Item 15: CUSTODY OF FUNDS

The firm does not hold custody of any client funds. All funds are held by the Brokerage firm or Custodian firm of the client's choosing. The Brokerage firm or Custodian firm sends monthly or quarterly statements directly to clients on a regular basis. These statements must be carefully and thoroughly reviewed by clients.

Item 16: INVESTMENT DISCRETION

Heinekamp Financial Planning & Tax Service, LLC does maintain Discretionary authority in client accounts, and clients must authorize the use of discretion when opening their account.
